Communication concerning DAXglobal Indices and Russian securities constituents

Dear Sir and Madam,

STOXX Ltd., the operator of Qontigo's index business and a global provider of innovative and tradable index concepts, today announces its decision concerning sanctions against Russia announced by European Union, United Kingdom and United States between February 22nd, 2022 and February 27th, 2022.

STOXX Ltd., has taken into consideration the extreme or exceptional market conditions affecting Russian securities constituents of DAX Global Indices which includes restriction on capital flows and market disruption that materially negatively influences the aggregated liquidity, capitalization or tradability of Russia securities, as well as the impossibility for Institutional Investors to physically replicate the performance of an index.

STOXX Ltd., has decided, in line with section 6 Limitations of the Guide to the DAXglobal Indices that **any Russian securities constituents of DAXglobal Indices are not eligible with immediate effect** to any DAXglobal Indices until further notification. The decision does not apply to DAXglobal Russia and DAXglobal Russia+ , for which a separated Announcement will be made today, February 28th, 2022.

Consequently, STOXX Ltd., provides hereafter:

- The list of affected DAXglobal Indices for which Russian securities are not eligible
- the **list of index constituents to be deleted** from the impacted indices, **at close of Friday March 18th, 2022 in local currency of 0.0000001**.
